

SK-490 Fishing Reel Security Kit

Secures Reels to Fishing Rods or Fishing Rod Display Units

Fishing Reel Security Parts Include:

EAS Tags Fit comfortably along side the foam in base.

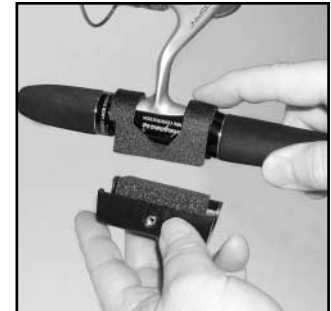

Step 1

Place the Fishing Reel Clamp over the fishing reel base.

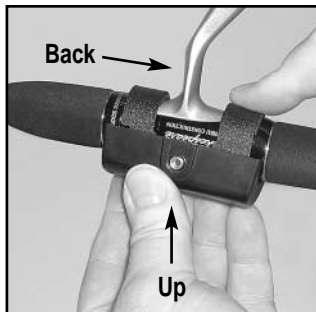

Step 2

Insert the base into the clamp from underneath to encase the reel mount.

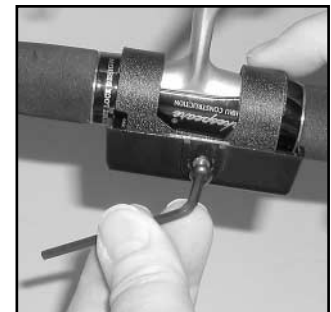

Step 3

Push the base up and back to latch the two parts together.

Step 4

Insert and tighten the Security Allen Screw with the Security Allen Wrench.
