

Se-Kure Stylus Sensor

The **Se-Kure Stylus Sensor**, the smart choice for enhancing security in any environment. This reliable sensor connects seamlessly to your alarm system, actively monitoring the presence of stylus devices. An effective adhesive combined with a sturdy mechanical restraint ensures the stylus remains securely attached, significantly reducing theft opportunities.

**Stylus Sensor
SK-965P-W**

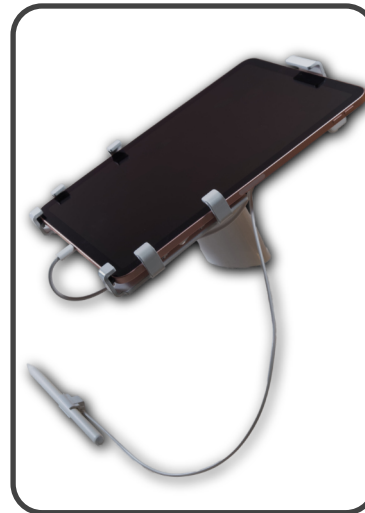

Note: Works with all current Se-Kure Alarms.
